

Large Mouth Dispenser Sumps Directory

The large mouth sump employs a 22" wide base opening with lengths of 24", 36" and 48". A removable powder coated steel cover comes in a variety of different configurations to match nearly all popular dispensers. Height modifications can be made in the field by trimming the base with standard tools.

Both styles of APT dispenser sumps have bases constructed of tough high-density polyethylene and brackets for mounting impact valve stabilizer bar kits. One SBK is required for each pipe that enters the dispenser. Refer to page 48 for ordering information.
