

# Double Wall Sump Inspection Shipping Report

## Important Instructions: Please Read

1. The double-wall fiberglass sump must be visually inspected for any damage.
2. Check the vacuum gauge on each section of fiberglass product.
3. Fill out this shipping report and fax back to FFS within 24 hours of receiving this product.
4. Not following the above listed instructions will void the warranty.

Vacuum Level	Time	Date	Company Name	Sales Order #	Signature

Warranty will be voided if any of the following occur:

- Any double-wall product is double-stacked
- Failure to follow guidelines above

Franklin Fueling Systems • 3760 Marsh Rd. • Madison, WI 53718 USA
